

Emma Curtis Hopkins

'Righteous Judgment'

"I have never accused the world or myself of sin--all is Good."

I am not covered with formulations of sin; therefore I am not diseased.

I have not received an inheritance of sin in disease. I came forth from God.

I am not surrounded by a race of sin; I am surrounded by God.

I do not hear sin, see sin, feel sin, fear sin, from anywhere; therefore, I am free in purity.

There is not gathering of the consequences of sin around the Spirit; therefore, I am free from the consequence of sin.

I have not gathered my own sins together in disease. I am free from disease.

There is no cause for disease in Spirit.

I do not lay any burden of belief in my own sinfulness upon anyone.

The sins of carnal mind I do not believe in. I do not believe in selfishness.

I do not believe in envy. I do not believe in jealousy. I do not believe in revenge. I do not believe in cruelty. I do not believe in the outshowing of these claims against humanity.

I believe humanity is God and God is humanity, without sin, sickness, disease, or death.

Therefore, my life is Good, and cannot be threatened with death, nor yield to death, nor fear death in any part of my being.

My health is God, and cannot be threatened with disease, nor fear disease, nor yield to disease in any part of me.

My strength is Good; it cannot be threatened with weakness, nor fear weakness, nor yield to weakness in any part of me.

I am ready to acknowledge that I am healed. I say this freely to all, to myself and to you, right now.

In the name of the Father and the Son and the Holy Spirit, I am whole.
